INSURANCE INFORMATION

■ **Before departure**, the student must verify that he/she possesses insurance covering his/her stay in France.

■ **All students younger than 18** must have insurance (covering health, accidental injury, and repatriation of remains) before arriving and provide a copy of this information to the CIA language school at the time of enrollment.

■ European Health Insurance Card :

- From 2006, **nationals from countries members of the European Union** can get a free European Health Insurance Card (**EHIC**). EHIC allows citizens of the EEA countries and Switzerland to receive medical treatment in another member state for free or at a reduced cost, if that treatment becomes necessary during their visit (for example, due to illness or an accident), or if they have a pre-existing chronic condition which requires care such as kidney dialysis.
- It only covers healthcare which is normally covered by a statutory health care system in the visited country, so it does not render travel insurance obsolete.
- The **EHIC replaces the E111 document** that was needed to get a medical cover in another European country.
- **The EHIC is normally valid for three to five years** and covers any medical treatment that becomes necessary during your trip, because of either illness or an accident. The card gives access to state-provided medical treatment only.
