Dear Sophie

Just a quick note of sincere thanks for hosting Thomas last week. He had an absolute ball and was just disappointed that he could not stay even longer.

Also a note of thanks to Gisèle and Nathalia for taking care of him so well.

Best regards

Dear cia-team,

we would love to share some thoughts with you!

First of all we would like to thank you for the great experience our son could make with you!

Everything was just perfect. The bookin process in the beginning, the pick up at the airport, the accomodation and so on.

Our son liked the evening events the most. He also loved that he could do a lot of things by himself or with his friends. He also liked the supervisors a lot

Finally he wants to come again 😊

Kind regards

Michaela [REDACTED]

Dear Alessia,

I wanted to thank all the organisers at the camp as Laura had such a fantastic time. You run a very well organised and efficient camp. Laura loved her French teacher from the first week and said she was super, going out to conduct surveys in Antibes was such a good idea to give them confidence to in French. She had never sailed before and really enjoyed it as well as all the other activities.

A very big thank you to everyone involved including those who picked her up at the airport, teachers, admin staff and all those who org. the extra curricular activities. It is all much appreciated.

Kind regards,

Valeria

Sophie,

I'd like to give you feedback for the two weeks which Daniel spent with you in France.

Even though he missed two days and it didn't start well with the flight issues, Daniel's never had such a great time ever (and he's travelled the world!). He loved every bit of his experience - the lessons, the teachers, the level of difficulty and the quality of teaching, the sightseeing, the games, the entertainers, the restaurant, the accommodation, and he prompt commute to/from the airport... I can carry on as I've been hearing all about it in the last couple of days and only the best comments without the slightest issue in any area.

I just want to congratulate the team for the fantastic work everyone did. And my experience is equally positive with your support, superb communication and coordination.

We'll definitely want to join again next year. Hope there'll be further levels than B1.

I've already started recommending to other parents.

Wish you a well deserved rest and every best.

Thank you again sincerely ❤️

Desi

Thank you very much for that Alessia, I know they would happily stay another week but I am very much looking forward to having them home.

The school has been amazing and the teams support (including during the emergency over the weekend) has been five star.

They have had the time of their lives.

I think Alice is back to CIA Antibes with her school (St Catherines, Bramely, Guildford) in February so at least she will know what to look forward to.

Best wishes

Louise

Bonsoir chère Sophie,

A quick message from us: HUGE Thank You for a very memorable two weeks - and Lili learnt a lot of French, too!

What an amazing experience. And we have not even seen the photos and videos from the 2nd week yet!

I asked Lili for some feedback so we can help you guys with any pointers and I know that she is already talking to her new friends about a return to France.

Which is absolutely fantastic!

Thank you so much again and all the very best

Objet : Feedback

Hi Alicia,

I hope you are well.

I just wanted to give you feedback, as one of our students (Lena) just finished her course with you.

She said it was a really nice course and she absolutely loved her teacher, Olga. She said she was very competent, and she felt like she learned a lot from her with the used throughout the classes..

When asked if there was anything "bad" to say about her language trip, she said she had absolutely no complaints with either us nor the school/you.

So I just wanted to share that, since we tend to only get feedback when people are unsatisfied and I thought it might be the same for you.

Please share the feedback with Olga as well.

Have a lovely day

Bonjour Rizlane,

De Greg et moi, on te souhaite une très bonne année!

Just a quick note to say hello. We were so happy with our quick visit to Antibes and Greg was thrilled with his course.

I tried a Paris-Brest and you are right; it was a magnificent experience. We also did the Cap d'Antibes walk and saw the baie des milliardaires. C'est fou! Mais c'était belle et très intéressant de voir.

We will be returning soon so Greg can continue with his studies.

Merci pour tous tes efforts et à la prochaine!

Best French Camp by a mile

Very happy with Centre International D'Antibes and their premium French language camp in Juan Les Pins . My two sons both stayed there and loved it. My 16 year-old went there two years in a row and our 15 year old is going back next year for the second time. It is quite a unique proposition of courses/activities in an idyllic setting that we have not found anywhere else. The town of Juan les Pins is beautiful, fun and safe. We find that CIA has got the balance right between giving the children some freedom while ensuring their safety. The activities were varied and fun, an afternoon in Monaco one day, an aqua park the next day, a free afternoon the following etc. the children were never bored. The French lessons were good, my youngest made some good progress and made some great friends at the same time. It is hard to fault the concept. Perhaps some improvement could be made on the food which lacked variety and was bland so we did agree to a couple of Uber Eats to balance it out during the week but that is a very small minus which in no way affected the children's experience.

Wonderful French language camp!

My daughters have both attended CIA language programs for several summers now. It has been a wonderful experience for them. They have stayed in touch with friends they made at camp from around the world. Both girls enjoyed the activities offered, two favorites are the sailing days and the private beach! We have recommended this program to many friends, it's an amazing opportunity to work on their French skills, make friends and explore the south of France! We can't wait for next summer.

Repeat customer!

Our son Leo attended the CIA program for the first time in 2023. He spent a week in Antibes and we decided to make it a family vacation, so we stayed in a local apartment and Leo did the program at CIA during the day. He loved it. He enjoyed the language learning but really loved the activities. The counselors were extremely helpful and engaged. The activities were fun and exciting - Leo still talks about them today. The best testament to our experience at CIA is that we are going back again this year! Leo did not need any convincing and we were immediately sold on the idea as well. We are looking forward to it!

Happily returning to Antibes in 2025

My son (15y) has attended the Antibes Essential program in summer 2023 and summer 2024, each time for 2 weeks. The location is great, the staff is friendly and helpful, and he enjoys the free time opportunities to explore the area with his friends - a highlight for him both years was taking a day trip to nearby Monaco. I'm happy he enjoys it, and am especially pleased he spends a few of his summer weeks productively ;-). I am confident his time with CIA plays a big role in his excellent French grades. He's looking forward to returning in 2025!

Sophie enjoyed her 4 weeks in Antibes

Sophie enjoyed her 4 weeks in Antibes, doing the essential programme, there were trips, discos and visits to Nice and Cannes. Also allowed out, as 15 year olds to visit the area and explore as well as make friends. She also enjoyed swimming and also had small classes to enhance her knowledge of French. She is a very shy girl, so this was definitely out of her comfort zone prior to this, but the animators definitely helped make her feel at home. She has said that it has helped her understanding of Grammar, hopefully this will help with her GCSE French exam in 2025. Sophie is looking forward to going again, as she had so much fun, instead of getting bored at home in the summer holidays.

As a parent of a teenager attending.

As a parent of a teenager attending the Centre International d'Antibes I have been thoroughly impressed by the high standards of care and education provided by this institution.

From the moment we enrolled our child, the school's dedication to creating a secure, engaging, and enriching environment has been evident.

As a parent, it is reassuring to know that our child is in a safe and structured environment. This statement is supported and proven by the adequately prompt assistance provided to our child in a case of sudden sickness. The school's commitment to the safety and well-being of its students is clear in every interaction, from the secure check-in and check-out procedures to the constant supervision provided throughout the day and night. The campus my child has been in, is fenced and access is regulated.

Communication between the school and parents is exemplary in either the enrolling process or during our child stay at the school. Upon our child sickness case, we not only got a prompt phone call but we even received an unsolicited, but very appreciated follow-up email on our child health conditions including the doctors and drug store bills.

One important aspect to mention is the rule enforcement. The school maintains a balanced approach to rule enforcement. The staff is firm but fair, ensuring that all students understand and adhere to the rules while maintaining a positive and respectful atmosphere. Very appreciated is the closed-dormitory rule in daylight allowing the student to diverge their focus on out of the room activities. This approach fosters a sense of responsibility and discipline among the students. When rules are broken, the school has a balanced system of reducing-enlarging permissions which helps the students appreciate the importance of following them.

One of the highlights of the CIA is the plethora of after-school activities available. The school also organizes regular trips and events, which are always a hit with the students.

We have no problems in definitely recommending the CIA.

Excellent centre de langues. Nous essayons de faire faire un stage chaque année à nos élèves italiens pour améliorer leur niveau de français. La collaboration avec Mme Anne Chartier et toute l'équipe se passe en général très bien. Les cours sont faits par des enseignants compétents, un animateur nous suit pendant tout le séjour et pendant les visites, les repas au self sont bons (le Chef est super et toujours joyeux!) et les familles d'accueil au top. J'ai déjà hâte d'y retourner!!

I would like to express my gratitude to the summer camp staff from July 7 to July 20, 2024. My daughter lived in the Résidence Aragon in Juan-Les-Pins and was delighted with the entire organization. Starting with the accommodation and support of the animators. Separately, as a mother, I would like to note my daughter's delight in the organization of the educational process. The testing was carried out very well and the child was absolutely happy with her level of language proficiency since she studies separately with a tutor and the language practice in our country is simply minimal. The activities after classes were excellently organized. We absolutely missed the yachting classes and would really like to have more of them next time. Many thanks to the teachers, all the staff, and the guys who looked after the teenagers in the residence. Everything was at a very good level. It so happened on our dates that most of the children were my daughter's age 15-17 years old. My daughter was happy and she is already looking forward to next summer. Thank you for opportunities for my daughter to open up, experience new independence and find new friends.

I found the Centre International d'Antibes online - with no referrals and only online reviews to support my decision. I signed up for two months of classes and temporarily move my life to France from Canada. It was one of the best decisions I had ever made.

Going into this experience alone, I did not think much about the people I would meet. But I can say confidently that CIA attracts the best type of people from around the world - people who are at any stage of their life who are dedicated to learning, while putting themselves out there and leaving their comfort zone. As most people spend between 2-4 weeks at CIA, every week brought together a new group of people who became a tight-knit community by the end, dedicated to improving each other's French knowledge.

Both campuses are so beautiful, one located in the heart of Antibes' Vieux-Ville, another in a historic chalet off the beaten path with a gorgeous view of the sea and mountains. Every professor is so supportive, energetic, and invested in your improvement. They easily accommodate to your situation if you need to move things around. The Aragon accommodation is small but comfortable, equipped with everything you need for a few weeks.

You will fall in love with Antibes, the beauty of French knowledge and culture, and hopefully discover a lot about yourself. I know I did. Merci beaucoup CIA - vous avez changé ma vie!

Once we got to know the language camp in Antibes (CIA) we absolutely fell in love with it. As I heard from my son all was organised properly and thoughtfully. He loves the language course itself, the environment and general atmosphere. Especially he appreciate the trip to the island with prepared adventures and parties)). As far as I can estimate the level of the group matched my sons level pretty well. Finally, you always can ask for something the camp team and they really try to meet your expectations.

This was probably one of the best summer experiences I have ever had. The lessons were amazing, the teachers were really kind and made the lessons different each day. The camp and the people itself was amazing, there was a lot of different activities to choose from, apart from the main ones (sailing, aquabranche...). We also visited nearby cities like Monaco-ville, Nice, Antibes, etc. The campus was very clean and it was okay. The animators were kind and understanding too, so all of it combined made a really great experience for me, and my French improvement after just two weeks was massive. Best summer camp I have ever been to.

Definitely will go again this year, and would recommend this to everyone!!
