One day at the mountain

AI & Technology classes

Fabulous setting

Exclusive activity program

DESTINATION : ANTIBES/JUAN-LES-PINS

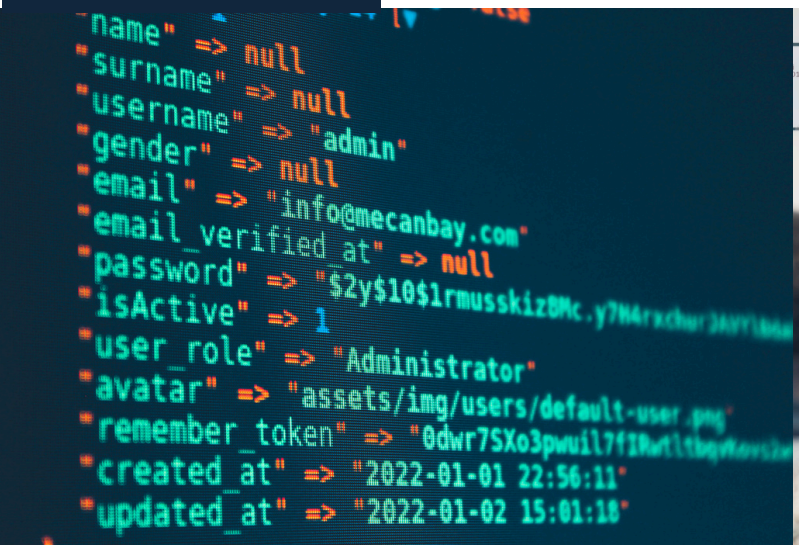

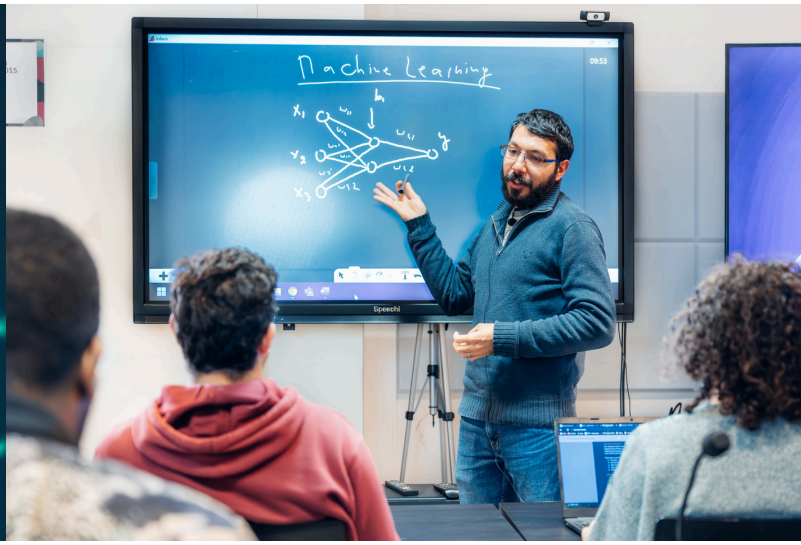

Did you know that the French Riviera is not only about the sea... but also the mountains? In just one hour, you can go from the sunny beaches of Antibes to the snowy peaks of the Southern Alps! The French Riviera in winter offers the best of both worlds, mild coastal weather, vibrant seaside life, and easy access to ski resorts. With 300 days of sunshine a year and 25 kilometers of sandy beaches, Antibes/Juan-les-Pins remains an exceptional destination even in winter, providing a fun yet safe environment for our international students.

WINTER BOOTCAMP

AI & TECHNOLOGY WORKSHOP

Our programme introduces students to the exciting world of Computer Science, Data, Artificial Intelligence and Cyber Security through engaging workshops taught entirely in English.

WORKSHOP STRUCTURE

Introduction to Computer Science, Data, AI & Cyber Security
- 2 hours of workshops per day
- Monday, Tuesday, Wednesday and Friday
- Taught entirely in English
- Interactive content specially adapted to 15–17-year-olds

Students will discover the fundamentals of Artificial Intelligence and modern technologies through an accessible and interactive programme designed to spark curiosity, encourage problem-solving and introduce them to some of the key technologies shaping the future.

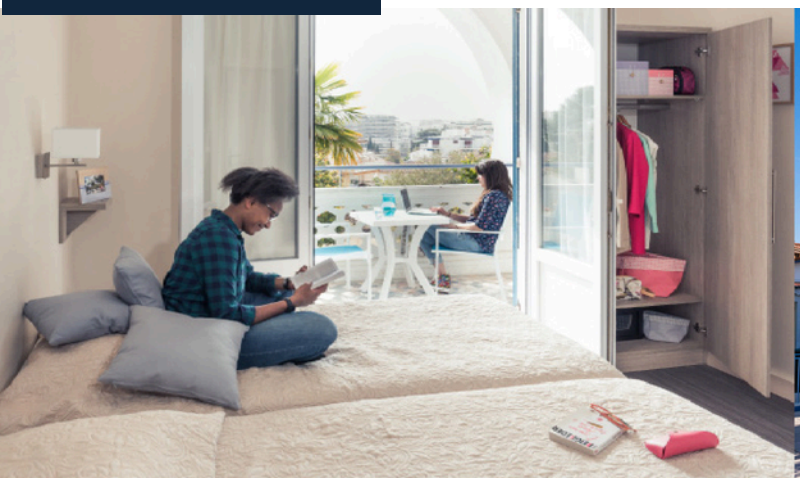

WHERE DO THE WORKSHOPS TAKE PLACE?

The workshops take place at DSTI School of Engineering, in Sophia Antipolis, one of Europe's leading technology hubs, only 20 minutes from Antibes.
